Lyons, Wragg File Suit Asking Town Pay Costs

By Robert E. Finneran
 Editor

School Board Candidate

Charles E. Friese of West Andover announces his candidacy for a three year term on the Andover School Committee. Friese and his wife Verna

reside at 52 Pleasant Street. They have two children, Scott 7, and Eric 5, who attend West Elementary. Friese was born and educated in Stamford,

Charles E. Friese

Conn. He graduated from Bryant College in Providence, R. I. with a Bachelor of Science Degree in Business Administration.

Two former school committeemen, involved in court proceedings regarding the failure to reappoint an assistant superintendent of schools, have filed suit against the town requesting payment of their legal fees.

John F. Lyons and John G. Wragg, filed suit in Superior Court in Salem, Tuesday, seeking a court order for payment of their legal fees associated with the civil rights case brought against them by Edward P. Regan, who failed to win reappointment to the school administrative post in 1974.

Lyons and Wragg note that the court proceedings to date have amounted to \$13,000, with the case still pending before the U. S. District Court.

The civil rights case stems from the action of Lyons, Wragg and current School Board Chairman George F. Olesen voting against reappointment of Regan as assistant superintendent in April of 1974. Regan filed suit in September, 1975 and it is still pending before U. S. District Court

Judge W. Arthur Garrity.

Lyons and Wragg have asked for assistance from Town Manager J. Maynard Austin and the selectmen on several occasions. The manager, with the approval of the selectmen, named the firm of Putnam, Bell and Russell of Boston as counsel for Olesen and made the firm available to both Lyons and Wragg. The latter requested appointment of their own counsel and the town manager and selectmen have refused requests for financial assistance.

In a statement to the TOWNSMAN, following filing of the suite, Lyons and Wragg said:

"With extreme reluctance we have recently taken legal action against the Town of Andover after 18 months of fruitless discussions and correspondence with the town manager, acting for Milton Greenberg and the Selectmen.

"In the aggregate, we have been residents of Andover for

Candidate For Selectman

Edward M. Harris, 311 South Main St., retired U.S. Army colonel, educator and author, has announced his candidacy for the three year term on the board of selectmen.

Harris entered the race for selectman he said because there did not appear to be candidates coming forward to oppose the two incumbents whose terms were expiring. It had come to his attention that others besides himself had become unhappy with several decisions of the board of selectmen. Principal among these was the decision not to renew the contract of the Town Manager. While it is a prerogative of the selectmen under the town charter to hire the town manager, the incumbent is very well regarded in the town and failure of the board to renew the contract could only be interpreted as resulting from some failure on

his part to meet the requirements of the office. From the point of view of many of the townspeople, the justification

for this turn of events as expressed to them by the board, seemed quite inadequate. Harris said he deplores this situation but agrees with the opinion of those in the town that the situation can best be rectified by a change in the membership of the Board of Selectmen.

Harris also believes that it

Conference Sought On Access Road

Town Manager J. Maynard Austin is seeking a conference with State Secretary of Transportation Frederick P. Salvucci, to explain the background and need for an access road in the Lowell Junction Industrial area.

The road, off Route 93, is desired by the town to relieve traffic problems in Ballardvale, as well as open up the industrial area to further development.

At the recent Governor's Conference on Economic Affairs, held in Lawrence, Salvucci, in response to questions from the manager, Selectman Susan T. Poore and State Rep. Gerald Cohen, expressed a feeling that the access road was not on the list of priorities.

Local officials impressed upon the state cabinet member that efforts to obtain the access road date back many years, even to the construction planning stage of Interstate 93.

Salvucci had noted that the Solid Waste plant, planned for the Merrimack Valley, would probably result in an access road be-

ing placed off either Route 93 or 495, depending on the ultimate site selection for the plant.

Local officials have been compiling the necessary date and presenting the case of the necessity of the access road to proper agencies, such as the Merrimack Valley Regional Planning Commission, which has given the proposal high priority status.

The area has been zoned industrially by Andover for many years, and in the late 1950's when Route 93 was in the planning stage, local officials met with state and federal officials attempting to get the access road at that time.

Salvucci agreed to set up a conference for local officials in Boston, to allow further explanation and have data presented on the necessity of the road.

An effort was initiated two years ago by local selectmen to have the road built in order to relieve traffic problems in the Ballardvale area, prompted by the growth of the Lowell Junction industrial area.

Committee Bids Farewell To Two

Tuesday night's regular meeting of the Andover School Committee will be the last for two committeemen: Chairman George Olesen, who has served one three-year term,

and Frank Griggs, who has served two terms. Griggs was also chairman for three years.

The meeting will be held at 7:30 p.m. in Stowe School.

Selectmen To Meet Monday

The selectmen will meet Monday at 7:30 p.m. in the meeting room at Memorial Hall library.

Expected to be a top item on the agenda is review of the municipal budget.

County Taxes Show 62% Increase

The budget proposed by the Essex County Commissioners for Fiscal Year 1978 would mean a 62% hike in the tax assessment against Essex County's cities and towns in the two years between FY 76 and FY 78.

The \$19.2-million budget proposes a \$2.1-million increase in County expenditures between FY 77 and FY 78.

Sheldon S. Cohen of Andover, Secretary of the County Advisory Board, voiced particular concern

with mounting personnel expenses. "Essex County has made no effort whatsoever to examine productivity and performance," he said, noting that employees in some County courts are carrying caseloads more than 3 times larger than their counterparts in other Essex courts.

The Essex County Advisory Board will hold its first hearing on proposed County expenditures this Saturday, March 12, at Peabody City Hall, starting at 9:30 a.m.

Garden Soil Analysis Offered

For a successful home garden, it's a must to have your garden soil analyzed, according to the Massachusetts Department of Food and Agriculture.

This service will be available at the Department's exhibit at the New England Spring Garden and Flower Show to be held March 19 to 27 at Commonwealth Pier Exhibition Hall in Boston.

All that's needed for the analysis is about a cupful of dry soil. If you have more than one sample to be analyzed, it's best to mark each clearly to avoid confusion at the exhibit and also

when it's time to lime and fertilize your garden.

Home gardening questions will be answered at the exhibit by Department personnel and horticulture students from the Essex Agricultural and Technical Institute in Haverhill.

The students are also contributing their time and expertise in landscaping a handsome horticultural display. A vegetable garden entitled "The Good Life" will give visitors ideas on what can be grown easily at home. You will also see a beautiful arrangement of purple primrose plants in the center of a map of the Bay

The Andover School Committee Tuesday night will decide whether to go along with a professional mediator to handle the teacher contract negotiations, or to return to bargaining table with some new.

The suggestion for a mediator or "buffer," was made Tuesday by the Andover Education Association's professional negotiator after the two sides reached an impasse on salary increases.

It was the first negotiating session since the sides began meeting in November, and both had felt they were close to agreement when they arrived at Stowe.

About all they agreed on was the heated, four-hour meeting, however, was that they disagreed on salaries.

"Let's get someone in," said Joseph Murphy, Massachusetts Teachers Association, the spokesman, "while we're talking to each other."

Along with agreement on other issues, the two sides earlier agreed to a five percent salary increase across the board for 1977-78, the first of years for which they were negotiating.

Both were also looking favorably on a six percent increase for each of the next years, with a \$1000 "cap" on salaries and a provision when a six percent increase exceeded \$1000, the difference would be dispersed based on the salary schedule.

The major stumbling block came over definition of salaries.

School Chairman George Olesen and Committee member David Ahouse — the two negotiators — were adamant against any person receiving an increase of more than \$1000 any one year, exclusive of cost-of-living and track increases. They acknowledged, however, that some teachers on the lowest levels might receive "substantial" raises that went above the 6 percent.

Murphy and the six-member negotiating team, on the other hand, interpreted the salaries as those only at the highest step — Step 13 on the salary schedule for masters plus 30, master plus 60 and doctorate tracks.

He said they understood some of the lower steps receive as much as \$1500 through six percent increases and money filtering down. Step 13 (Olesen said as much as 35 percent all told over the years), but added that some teachers might actually receive less than five percent increase for the three years of the tract.

It would all serve, he said, to make the pay schedules equitable at the lower end. He insisted there was no offer to correct the "monstrous inequities" perpetrated years ago when he said the plan at the top received 7 percent increases and the rest 3.8.

"We bought the concept of caps," Murphy said, "but we could finally correct the settlement."

Mediator May Enter School Negotiations

By Linda S. Corbett

The Andover School Committee Tuesday night will decide whether to go along with a professional mediator to help settle the teacher contract negotiations, or to return to the bargaining table with something new.

The suggestion for a mediator, or "buffer," was made this Tuesday by the Andover Education Association's professional negotiator after the two sides reached an impasse on salary increases.

It was the first public negotiating session since the two sides began meeting in November, and both had felt they were close to agreement when they arrived at Stowe School. About all they agreed on during the heated, four-hour meeting, however, was that they disagreed on salaries.

"Let's get someone in now," said Joseph Murphy of the Massachusetts Teachers Association, the AEA spokesman, "while we're still talking to each other."

Along with agreement on some other issues, the two sides had earlier agreed to a five percent salary increase across the board for 1977-78, the first of three years for which they're negotiating.

Both were also looking favorably on a six percent increase for each of the next two years, with a \$1000 "cap" on "top salaries" and a provision that when a six percent increase exceeded \$1000, the difference would be dispersed backward down the salary schedule.

The major stumbling block came over definition of "top salaries."

School Chairman George Olesen and Committeeman David Ahouse — the two committee representatives at the meeting — were adamant against any person receiving an increase of more than \$1000 in any one year, exclusive of step and track increases. They acknowledged, however, that some teachers on the lower levels might receive "substantial" raises that went above six percent.

Murphy and the six-man AEA negotiating team, on the other hand, interpreted "top" salaries as those only at the highest step — Step 13 of the salary schedule for masters, masters plus 30, masters plus 60 and doctorate tracks.

He said they understood that some of the lower steps could receive as much as \$1500 a year through six percent increases and money filtering down from Step 13 (Olesen said as much as 35 percent all told over three years), but added that Step 13 teachers might actually receive less than five percent increases for the three years of the contract.

It would all serve, he said, to make the pay schedules more equitable at the lower ends, and he insisted there was no way under the school committee's offer to correct the "monstrous inequities" perpetrated four years ago when he said the people at the top received 7.6 percent increases and the rest got 3.8.

"We bought the concept of caps," Murphy said, "because we could finally correct a bad settlement."

"If we can't correct the inequity," he went on, "we would have to revert back to a straight 5, 6 and 6 across the board."

In that case, Olesen said they would also go back to any items such as health insurance, that had been needed to get to the still unsettled package of other negotiable items.

"No go," Murphy replied. "Agreed on issues were agreed on," he said. "If you've taken an item off the table, it's off the table."

At that point Murphy said it wasn't going to take "many more sessions like tonight," until they were "at each other's throats."

"We're both retrenching," he said, and suggested getting a third party "while we can still talk to each other."

Still to be settled are such items as AEA input to any change in the school committee's layoff policy, tuition for teachers' youngsters, stipends for extra curricular advisors, sick leave accumulation, some job descriptions, and the like.

The grievance procedure has remained in tact and the two sides "initialed" agreement

on the following items Tuesday night before the salary argument erupted:

- Teachers will not be required to participate in "other" professional activities more than six hours a month, and preferably with 48 hours notice.

- Teachers in grades 7 to 12 will be allowed one preparation period per day, in addition to lunch, during which they are not to be assigned other duties.

- In addition to lunch and duty-free recess time, each elementary teacher will have at least 210 minutes of preparation time per week.

- Secondary teachers are not required to teach in more than two subject areas, and such assignments are to be "equitably distributed" by department.

- Notice of intent to transfer a teacher is to be given by May 31, unless there are unanticipated changes, and in no event after the first full week of school.

Supt. Kenneth R. Seifert said after Tuesday's session that the two sides really weren't that far apart and that it was significant that they had agreed on the concept of a "cap" on some salaries.

If the mediation step is chosen, the two sides could sit down and choose a mediator themselves, or they could ask the American Arbitration

Association to assign one. A mediator would merely help the two sides get together. He would not be making recommendations.

Space Reservations Due In Flea Mart

The Fourth Annual Recycling Auction has been scheduled for May 14, with a couple of new twists.

The auction, held in Recreation Park by the Andover Recycling Committee, will turn into something of a flea market this year, with rental space provided for individuals or organizations to set up tables of items for sale.

In addition, some particularly valuable items will be accepted on consignment for the regular auction.

The spring auction has become a traditional "spring cleaning" event, and residents are urged to clean out cellars and attics for unneeded but still usable items to donate to the cause. Immediate, free pickup is available by calling 475-5864. Several bicycles, cane chairs, furniture and kitchen items have already been

collected.

Meanwhile, garden clubs, Scout troops, civil organization, craftsmen, artists, and other townspeople may reserve a space for the flea market by calling Lolli Sumberg, chairman, at 475-7455.

The auction will be held rain or shine.

Friendly Guild Meets Monday

The monthly meeting of the Friendly Guild of Christ Church will be held on Monday evening March 14 at 7:45. A talk will be given on the activities of Christ Church Handicapped Nursery. The committee in charge is Elsie Morrat, chairman; Jessie Westcott, Marjorie Turner and Elizabeth Forbes.

New Precinct List

Andover will have eight precincts instead of six beginning with election activity this year. If there is a special town meeting on Feb. 28, the new precinct lines will be in effect at that time as well as for the town election in March.

As a public service the TOWNSMAN this week continues a listing of those contained within specific precinct lines. Town Clerk Elden R. Salter states it would be helpful if the precinct listings were clipped and saved in order to facilitate voting procedures under the new districting.

The Junior class chose Mary Moynihan as president, Brian Bresnahan as vice-president and Kim Zaharris as secretary-treasurer.

Children's Theatre

"Rumplestiltskin" is the play, an all-time children's classic fairy tale, which the Boston Children's Theatre will bring to Newburyport on Sunday, April 2, 2 p.m. at the Middle School. The cast of players will be children from the famous touring company's drama classes. The performing children will be directed by Robin Lord, or "Story Lady Robin" of WHDH fame. Robin will also serve as narrator of the play.

Jay Leno, with Lyn Deyermond, voted funniest at Andover High in 1968.

Makes A Hit With Carson

A lot of Andover people, particularly members of the Class of 1968, Andover High school, were up late last Wednesday night, to catch Jay Leno on the Johnny Carson show.

Jay, who has appeared on other television shows, made his debut with Carson and made a hit with both the audience and the host who came over to congratulate the man who, in 1968, was voted class funniest in his graduating class.

The son of Mr. and Mrs. Angelo Leno, 32 Clark Road, Andover, has been invited back for another spot on the late night Carson show, probably appearing sometime in April.

Prior to last Wednesday, Leno had made appearances on the Merv Griffin and Mike Douglas shows.

According to his brother Patrick, who talked with Jay after his Carson appearance, the Andover young man was very pleased with the response to his comedy stint and the reaction last week. He had been hoping for a spot on the Carson show and had done some demonstration tapes several months ago. The staff reviewed the tapes and subsequently extended the invitation.

Jay has been on the nightclub circuit and also made some movie appearances, a major one due for release this summer, since his graduation from Emerson College in Boston.

Following graduation from Andover High in 1968, Leno spent a year at Bentley, then went on to Emerson.

He began his nightclub work in the Boston area, appearing at the Playboy Club and Lenny's on the Turnpike, then went on to New York where has performed at Improvisation Theater, Upstairs, Downstairs, and also has been on a college tour.

Other appearances have included Mr. Kelley's in Chicago and television appearances in Canada.

For the past two years he has

been in the California area.

This past year he has been involved in a movie, "Silver Bears," due for release this summer and including such stars as Michael Caine, Sybil Sheppard, Louis Jordan and Martin Balsam. The movie was shot in locations in Italy, Switzerland and London.

Mrs. Leno his mother, notes that Jay also appears in a movie currently in the area, "Fun With Dick and Jane," but "it's only a tiny part."

She says Jay seems to be enjoying the work and that he keeps in touch with a lot of Andover people, particularly those in his class at AHS.

The comedy talent which won applause last week, has been nurtured for some time apparently, based on comments of the Andover High school newspaper on June, 1968, which featured Jay and noted "he was constantly funny, and although his jokes were sometimes corny, he never ceased to amuse his friends and classmates."

some 40 years. Thus, our concern for the welfare of the Town led us to explore possible legitimate avenues to prudently resolve this matter.

"We repeatedly requested selectmen, who direct the manager through the policymaking and financial powers, to provide us with a competent, unfettered counsel of our choice.

"Nevertheless, the response to every request for reconsideration regarding counsel was bluntly negative.

"This matter, regrettable only the latest in an unbroken sequence of events for Andover which were unnecessarily initiated and endorsed by School Administration. Unfortunately, we are unable to assure the Town that future events regarding this unrelated matter will not occur.

The latest request for financial assistance came on February 14, when Lyons and Wragg were the town manager pointing out that legal costs to that date exceeded \$13,000, "and will continue to mount as the legal drags on through the courts."

"Legal people with whom we have discussed the matter find it incredible that one defendant in the case can be provided town funds, while two defendants are denied financial help by the town manager, the chairman of the board of selectmen."

Asking reconsideration of a decision made by the board to provide financial assistance, the two men advised of the possible filing of the suit.

The town manager replied March 1, indicating that reconsideration was forthcoming.

In the suit filed Tuesday against Town Manager Maynard Austin, as manager of the town of Andover, Wragg and Lyons, the civil rights suit brought by Regan against themselves, Olesen and the failure to point was due to not agree with Edward P. Regan's philosophy as to the manner in which the Andover School system should function.

"At all material times concerning the allegations set forth in this complaint, certain officials, including the man of the board of selectmen, Milton Greenberg, and members of the board of selectmen for Andover, do agree with the plain philosophy of education concerning the functioning of the Andover school system," the suit sets forth.

The complaint goes on to state that Lyons and Wragg indicated their desire to obtain their legal counsel in violation of the fact they were sued personally and in view of philosophical differences.

some 40 years. Thus, our concern for the welfare of the Town led us to explore every possible legitimate avenue to prudently resolve this matter.

"We repeatedly requested the selectmen, who direct the town manager through their policymaking and financial powers, to provide us with competent, unfettered counsel of our choice.

"Nevertheless, the response to every request for reasonable action regarding counsel was bluntly negative.

"This matter, regrettably, is only the latest in an unpleasant sequence of events for Andover which were unnecessarily initiated and endorsed by the School Administration. Unfortunately, we are unable to assure the Town that further events regarding this school-related matter will not occur."

The latest request for financial assistance came on Feb. 14 when Lyons and Wragg wrote to the town manager pointing out that legal costs to that date had exceeded \$13,000, "and will continue to mount as the case drags on through the courts.

"Legal people with whom we have discussed the matter, find it incredible that one defendant in the case can be provided town funds, while two other defendants are denied financial help by the town manager and the chairman of the board of selectmen."

Asking reconsideration of the decision made by the board not to provide financial assistance, the two men advised of the possible filing of the suit.

The town manager replied on March 1, indicating that no reconsideration was forthcoming.

In the suit filed Tuesday against Town Manager J. Maynard Austin, as town manager of the town of Andover, Wragg and Lyons note the civil rights suit brought by Regan against themselves and Olesen and the failure to reap- point was due to not agreeing with Edward P. Regan's philosophy as to the manner in which the Andover School system should function.

"At all material times concerning the allegations set forth in this complaint, certain town officials, including the chairman of the board of selectmen, Milton Greenberg, and other members of the board of selectmen for Andover, did not agree with the plaintiffs philosophy of education concerning the functioning of the Andover school system," the suit sets forth.

The complaint goes on to explain that Lyons and Wragg indicated their desire to choose their legal counsel in view of the fact they were sued personally and in view of the philosophical differences

between themselves and the board of selectmen.

While the law firm of Putnam, Bell and Russell was appointed to defend Olesen, the firm was not the choice of Lyons and Wragg, and other counsel had been suggested by them. Lyons and Wragg indicated that their choice of counsel was more qualified than the firm selected.

The suite further states, "Plaintiffs (Lyons and Wragg) proceeded to retain their chosen counsel to defend them in the civil rights action, due to the fact that they feared having legal counsel thrust upon them in legal actions against themselves personally when the appointing authority for such legal counsel disagreed with their educational philosophy and as a matter of fact, was in substantial agreement with the educational philosophy of the plaintiff in the civil rights action, Edward P. Regan."

Lyons and Wragg further note that the legal expenses have become so burdensome, they have requested the town to allow the utilization of the services of the firm of Putnam, Bell and Russell, but the town has refused to acceded to their requests.

The court is asked to order the reimbursement of legal expenses.

Both Lyons and Wragg resigned from the school committee before the end of their term. Lyons stepped down in controversy with the town concerning appointment of special counsel to the school committee. Olesen announced his intent to resign at the same time, but later changed his mind and continued on the board through his term which ends with the town election on March 28.

Adult Forum Continues At Faith

At the Faith Lutheran Church Adult Forum on Sunday, March 13 at 9:15 a.m., those attending will continue recalling "The Roots of Faith Lutheran." In this second segment, focus will be placed on the late 60's when the present church building was erected. Among those invited to participate are: Mr. and Mrs. John Johnson, Mr. and Mrs. U. S. Berger, Mr. and Mrs. Richard Clendaniel, Lance Dockray, Dan Thoren, and Henry Anderson. So that these recollections might be preserved for future generations, the Forum will be video taped by Otto Sonnenschmidt and Mike Johnson.

At 6:30 p.m. the Youth Group will be meeting to make plans for participating in the Easter Sunrise Service, and to make plans for their retreat to the Cape on April 17 to 19.

Spring Supper Is March 26

A triumverate committee is busy planning the Spring Ham and Bean Supper to be held at the Andover Baptist Church on Saturday, March 26 by the Friendly Circle of the church.

Mabelle Otis, Pat Stocks, and Ruth Stocks have many years of experience in putting on the Baptist Church suppers, and this year's event promises to live up to

all expectations. The usual serving hours of 5 to 7 p.m. will be observed, and the menu, familiar to all who have ever attended an Andover Baptist Bean Supper, will feature a variety of homebaked beans, ham, potato

salad, cole salw, rolls, homebaked pies, and beverages.

Tickets for this spring fund raising event may be purchased in advance from members of the Circle and will also be sold at the door.

Series Continues At St. Paul's

going to change how you bank and where you
bank. By just having \$500 in any high interest
Essex Broadway Savings Account, NOW ac-
counts excepted, the card will entitle you to
significant discounts on loans, free services,
and much, much, more. In fact, we've made
the Incentive Plan banking package so com-
plete and profitable it will entirely eliminate
the inconvenience, or expense, of your hav-
ing more than one bank. If that sounds like
quite a statement, it's because the EB Incen-
tive Plan is quite a plan. But please don't take
our word for it. Judge for yourself!

The EB Incentive Plan

Who qualifies? Anyone 18 years of age
or older who opens or currently maintains a
savings account of at least \$500 at Essex
Broadway. NOW accounts excepted.

How can you join? It's easy. First, fill
out an application/agreement at any of our six
convenient offices. You will then be given a
membership identification card to present
when requesting the benefits of the plan.

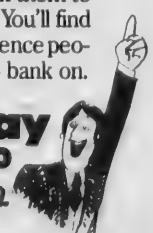

**What does the Incentive Plan give
you?** A preferred rate of 1/2% less than the
current annual percentage rate on any new
home improvement, auto, or unsecured per-
sonal loan.

25% discount on safe deposit box rental.
FREE no minimum balance NOW Account,
the checking account that pays you 5% in-
terest. Plus Write Now overdraft protection
that lets you write checks for more than your
balance.
FREE Travelers Checks.
FREE Money Orders.
FREE Notary Service.
I.D. for check cashing, etc.

Is that all? No, there's even more. If you
are buying a home, Essex Broadway has a
special bonus just for new mortgage loan cus-
tomers. On the first anniversary of the loan, a
member in good standing will receive a one-
time credit to his (or her) savings account
equal to 1/4% of the original amount of the loan
granted. This bonus also applies to custom-
ers who take out a new Home Equity Loan.

Buchanan Charles, Noted Historian

Buchanan Charles of North Andover, and New London, N. H., died March 2, in his 79th year.

An antiquarian and scholar, with particular interest in the fine arts, Mr. Charles served as trustee and librarian of the Society for the Preservation of the New England Antiquities. He also was a director of the Governor Shirley Mansion Restoration, Boston.

In 1950, Mr. Charles, then a member of the Board of Trustees at Stevens Memorial Library, North Andover, arranged an exhibition honoring the 300th Anniversary of the publication of "The Tenth Muse Lately Sprung Up in America or Several Poems", by a Gentlewoman of Those Parts. The "Gentlewoman" was of course, a local poet Anne

Bradstreet, first published writer in the English language in America. As chairman of the Board of Trustees from 1951 to 1960, Mr. Charles established the outstanding Anne Bradstreet Collection at Stevens Memorial Library. He was active in raising funds for the purchase of Mrs. Bradstreet's rare, original manuscript, copies of all editions of her published works, as well as materials about her life and work. This exceptional collection, on Anne Bradstreet, exists through Mr. Charles's inspiration and effort.

At the time of his death, Buchanan Charles was President Emeritus of the Grand Manan Historical Society, Grand Manan, New Brunswick, Canada, an organization which he founded

in 1931.

It was Mr. Charles who awakened and stimulated public interest in the history and natural beauty of Grand Manan. He prepared the first definitive map of that island in 1935, which he himself revised in 1939, in memory of his mother. It contained such information as names and depths of weirs, this map proved invaluable to local fishermen.

"The time-consuming and pains-taking details of this map work, made it a valuable reference and an official source of data," is the tribute which appeared in The Grand Manan Historian (No. VII; November, 1963).

Mr. Charles was graphic designer, as well as editor of The

Grand Manan Historian from 1934 to 1941, in which six issues were published. A bibliophile extraordinaire, with a life long devotion to learning, Buchanan Charles's interests and knowledge ranged from architecture to automotive design, music and literature. He published many articles, chiefly on historical and artistic subjects.

He is survived by his wife, Mary F. Stevens — (Cordingley); stepchildren Robert and Samuel Stevens and Amy Stevens Putnam. Funeral services were private.

Gardeners Discuss Planting

The March meeting of the Four Seasons Garden Club was held this morning at the home of Mrs. Fred Syiek. Mrs. Peter Gerstberger and Mrs. James Salerno assisted as co-hostesses.

Horticulture chairman, Mrs. Peter Lewis, showed club members the proper way to plant seeds and care for seedlings indoors to insure maximum production.

An acre of cattail swamp can produce more than thirty tons of flour per year which is thirty to sixty times the production of a good wheat field, Massachusetts Audubon reports.

The School Year — By Math

By Walter Hunt
 It seems that the main preoc-
 cupation of the school at this
 hiatus, a bit after the half-way
 mark in the school year, is the
 ever-present winter and the
 problems it has caused us (and
 the problems it has yet to cause
 us come the summer.)

The reason for this is not as
 deep-seated as it might seem to
 be: look out the window.

In any case, the primary ques-
 tion, as mentioned in a previous
 article a few weeks ago in this
 column, IS: what sort of grief are
 we going to have as a result of
 the days lost this past month?

While everyone waits, eager
 and energetic minds are coming
 up with bigger and better
 answers. As I was on my way
 down to a well-deserved lunch
 last week, I chanced to pass by
 our erudite Mr. X., member of
 the Mathematics faculty. Mr. X
 had a sheet of paper in front of
 him, and was holding forth to a
 small group of attentive students
 and at least one teacher — the
 Science Department's own Mr.
 Y. Disector of Frogs Extraor-
 dinaire, who can name every one
 of the 206 bones in the human
 frame before you can say
 diphenylketenuria.

Mr. X, as I said, was holding
 forth, and discussing the fact
 that we did not, in point of fact,
 have any time to make up at all.
 When asked by this reporter
 (who put, in this case, his duty to
 the readers before the demands
 of his stomach) how such a state-
 ment could be made, he
 presented to me such a piece of
 mathematical ingenuity as would
 baffle Gauss and Euler, would
 that they were alive to see it.

According to him, the school
 year is required by law to be
 either 180 days or 990 hours. Now,
 he said further, there must be at
 least five hours and thirty
 minutes in a school day, also by
 state law. The AHS school day,
 from 8 a.m. to 2:05 p.m., less a
 lunch period, was still five hours
 and forty minutes long, 10 extra
 minutes a day, over 180 days,
 adds up to 1800 minutes, or 30
 hours. That amounts to over five
 extra days: 5.294 days actually,
 according to my erstwhile Texas
 Instruments TI-30, even at 5:40 a
 day. Now, he announced, after
 some gesticulations with his
 Paper-Mate, we had lost six days
 of school. In the calendar, 184

days are included, in case of
 snow days. That leaves 2 days ex-
 tra. Accordingly we are, due to
 the extra 10 minutes each day
 that we spend in the school atten-
 ding a total of 5 days in excess of
 state law! This easily covered
 our 2-day deficit due to the
 caprice of Mother Nature, and
 the tilt of the Earth's axis, and
 the mal'occhio, and all.
 Fortunately, the bell carried

Mr. X off to some other duty than
 guarding the foyer from
 erstwhile vagrants attempting to
 get upstairs, and carried the
 aforementioned Mr. Y and
 myself in an opposite direction.
 "He's right, you know," said
 Mr. Y. "There's something to
 send to the Townsman."
 What'll they think of next?

Valentine's Day was

 encouraged to wear red and/or

of the student body participated
 in this Student council sponsored
 activity. During lunch, a drawing
 was held. Two students from
 each grade won two free passes,
 one for the winner and one for his
 or her Valentine, to our next
 dance which is scheduled for
 March 18. The lucky winners are
 Linda Cobin, Rachel Petrella,
 Andrea Zaimes, Kim West, Jim-
 my Dennis, Scott Peters.

East Junior High has some
 basketball teams to be proud of.
 Our eighth grade team finished
 their season with a 4-10 record.
 This does not show how good the
 team really was since many of
 the games were lost by only one
 point. The final Freshman record
 was 7-8. The enthusiastic EJH
 girls' basketball team had a 4-6
 season. The seventh grade
 basketball team is the one that
 we are the proudest of. They had
 a great 13-1a season, which made
 them league champions. At the
 close of the basketball season we
 are also noting the end of this
 year's cheerleading season. We
 wish to thank all these girls who
 helped keep up the EJHS spirit
 during the football, fieldhockey
 and basketball games.

WEEKLY SPECIAL

A Fair Exchange

by Jack Anderson
with Joe Spear

WASHINGTON — Two years ago, we named Uganda's Idi Amin as the world's worst leader. His unsolicited advice to other world leaders had made him a laughing stock. He called upon the United Nations to move its headquarters to Uganda, under his protection. He declared a national crisis over the smuggling of garden hoses out of his country.

We also described the strange friendship between Amin and Libya's Muammar el-Qaddafi. Amin is fat and Qaddafi is skinny. They make a Laurel-and-Hardy pair when they get together in Tripoli to reaffirm their "brotherly relations."

It was Qaddafi who talked Amin into breaking relations with Israel in exchange for a promise of weapons. Several months ago, Amin got into an argument with Britain's Sir Chandos Blair. According to an intelligence report, Amin began shouting excitedly to his ministers, "Alert the Army! Alert the Air Force! Call Libya and tell Libya to begin sending airplanes!"

Of course, Amin isn't always a

comic. Intelligence reports estimate he has murdered 90,000 people during his purges. For a while, the fate of Americans in Uganda was uncertain.

But President Jimmy Carter had one trump card he did not know about. One of Amin's most prized possessions, his personal airplane, was located for a while in the president's home state of Georgia. The plane, a Gulf Stream II complete with an emblem of a roadrunner bird on the tail, was undergoing repairs in Savannah, Ga.

President Carter could have held Amin's favorite plane until all Americans were out of Uganda. It would've been the sort of ploy Amin would've understood.

Phony Funny: Not long ago, a derisive cartoon appeared in newspapers around the country. The cartoon showed a man engulfed in an airbag, struggling to get out of his car. The caption had him saying: "Honest, all I did was slam the hood."

This was published as an independent, editorial cartoon. But the truth is that the cartoon was produced and paid for by Chrysler.

The automobile company is opposed to airbags. It was the secret instigator of the cartoon. The company paid Derus Media Services about \$1,000 to distribute the cartoon to 660 dailies and 5,500 weeklies.

The Chrysler executive who arranged the cartoon, Frank Wylie, said he saw nothing wrong with it. Yet he admitted there was no way readers would know that Chrysler had paid for it.

This was just one small item in the automobile industry's massive campaign against airbags. Former Transportation Secretary William Coleman said airbags would save over 12,000 lives every year. Airbags would also prevent 100,000 injuries.

Yet Coleman himself finally gave in to the industry pressure. He left it up to the automobile companies to decide whether they want to cooperate with the government in marketing airbag-equipped cars.

Seething Swansong: For a few weeks, Jack Eckerd was one of the few Republicans who had been asked by the White House to stay on the job. He had been running the government's house-keeping agency, the General Services Administration. His record impressed the White House.

Eckerd agreed to stay if he could choose his own No. 2 man. But House Speaker Tip O'Neill had a political crony in mind for the job. So Eckerd resigned.

This meant he didn't have to be polite to congressmen any longer. One of his last official acts, therefore, was writing a

nasty letter to the congressman he liked the least.

This congressman, John Dingell, D-Mich., had questioned Eckerd about his travels. So Eckerd fired back a private letter, telling Dingell it was none of his business. Eckerd called Dingell "rude, abusive and dictatorial."

"It should be an embarrassment," wrote Eckerd, "to have your disgraceful conduct as part of the public record. You were running a 'dog and pony' show for whatever political mileage you thought you could gain from it."

Then this parting shot: "Though most of my encounters with members of Congress have been constructive, one pleasant aspect of leaving GSA is being able to write this letter."

Jordan's Burden: Hamilton Jordan, the new White House major-domo, is emerging as the second most powerful man in the country.

He has been so busy settling into the White House, however, that he forgot to check out of his hotel room. He was staying at Washington's fashionable L'Enfant Hotel. He let the hotel bill run up, at a rate of \$59 a day, for three weeks after he moved into a house.

Jordan told us that his wife had been urging him to get rid of the room. The day after our call, he finally checked out. But he left behind a total bill over \$9,000. It was paid by the Democratic National Committee.

Incidentally, the bill contained several orders from room service for peanuts.

Getting Some Facts In Order

Andover's bid for an access road from Route 93 into the Lowell Junction industrial area, has run into a serious snag, due, we feel to some misinformation being harbored at the state level.

At best, the timetable for such a road would be about four to five years off, due to studies which must precede any construction.

But, at the Governors Economic Conference meeting in Lawrence a few weeks ago, local officials were somewhat aghast when the secretary of transportation indicated that Lowell Junction access from Route 93 did not have a top priority classification.

Selectman Susan Poore, Town Manager J. Maynard Austin and State Rep. Gerald Cohen were surprised at the reaction of Frederick P. Salvucci, secretary of transportation and construction for the Commonwealth.

Salvucci indicated that the federal government, which assists in such highway constructions does not look kindly to a number of accesses off interstate highways. The cabinet secretary also indicated to local officials that the town had classed Lowell Junction as an industrial area after Route 93 construction had taken place.

Apparently Salvucci has been unaware that the Andover effort toward obtaining an access road dates back to the late 1950's. The Lowell Junction area now occupied by Gillette and other firms, has been classed as industrial area for a longer period.

It was in the late '50's that local officials even went to Washington to attempt to get federal authorities to alter Route 93 plans, to include an access road to the junction before construction began, and again during the highway construction period.

During that period of concentrated effort, the local delegation was assisted by officials from Wilmington and Tewksbury in their bid for the road.

There was some encouragement along the way, but

the road never materialized, due at the time, principally to there being no industry located in the area, other than the Reichhold Chemical plant.

As for multiple access roads to communities, even the argument that Wilmington had at least three within a short distance failed to impress federal authorities.

Continuing efforts have been made over the years for further consideration of a road into the industrial area, which could conceivably service Andover, Wilmington and Tewksbury, but to no avail.

The most concentrated effort has come in recent years with the increased industrial activity in the junction, trucking firms, Gillette, Cressey-Dockham and other smaller enterprises.

This has caused severe traffic problems and in some cases hazardous conditions in the Ballardvale area.

With that in mind, the town initiated action to accelerate possible construction of an access road.

Rep. Cohen at the state level, the manager and selectmen at the local and regional level, have filed the necessary applications, had studies made and received top priority ratings from such as the Merrimack Valley Regional Planning Commission.

Yet, possibly due to the snail's pace at which information travels in bureaucratic circles, the secretary of transportation seems unaware of the necessity and priority of such a project.

To that end, the town is now seeking a conference with Salvucci to update him on the historical background, as well as the necessity of a road to the Lowell Junction area.

Looking at the matter realistically, the access road represents more than just a safety factor for Andover, it is an avenue to continued industrial growth in the area, increased job opportunities and improvement of the area economy, all of which we consider to have top priority.

To the Editor of the TO

In recent weeks there has been considerable discussion in the County Government. For the first time in many years we have a real chance to make a change and save the taxpayer some money at the same time. Professor Cox of Harvard has a report which calls for an assumption of all County functions involved in operating the system. This would save about 60% of the present County budget being paid away from the over property tax.

As Professor Cox says, "Financing of the County as a whole is widely and uncoordinated. The separate annual budgets submitted by the courts, local, county and community authorities." This system. The reform would give some notion and clarity to the administration of justice in Massachusetts.

This is one issue that we should favor abolition of the Government and those who reform can agree on a first realistic proposal to clear up the mess that the Government has been in for many years.

In recent weeks, we have seen the self-interested fight will be affected by the mission report and the defense of the present is now time that the genuinely concerned delivery of justice reform of County Government make their voices heard. The Legislature will be in session in a few weeks, and I would like each of you to let your voice be known.

Let's not let this opportunity for reform slip by. It is important to us as citizens here in Essex County that our voices be heard clearly in support of the reform.

County Reform

To the Editor of the TOWNSMAN

In recent weeks there has been considerable discussion of County Government. For the first time in many years we have a real chance to make a significant change and save the property taxpayer some money at the same time. Professor Archibald Box of Harvard has issued a report which calls for the state assumption of all County costs involved in operating the court system. This would amount to about 60% of the present Essex County budget being shifted away from the overburdened property tax.

As Professor Cox points out "Financing of the Court system as a whole is widely dispersed and uncoordinated. Over 400 separate annual budgets are submitted by the courts to various local, county and commonwealth authorities." This is a bad system. The recommended reform would give some direction and clarity to the administration of justice in Massachusetts.

This is one issue that those of us that favor abolition of County Government and those that favor reform can agree on. It is the first realistic proposal to begin to clear up the mess that County Government has been for so many years.

In recent weeks, we have seen the self-interested forces that will be affected by the Cox Commission report come to the defense of the present system. It is now time that those people genuinely concerned about the delivery of justice and the reform of County Government make their voices heard. The Legislature will be considering the reform package in the coming weeks, and I would urge that each of you let your views be known.

Let's not let this real opportunity for reform slip by. It is too important to us as taxpayers here in Essex County not to let our voices be heard loudly and clearly in support of this reform.

John W. McKean, Chairman
County Commission

Regrettable

To the Editor of the TOWNSMAN

The letters appearing in the Andover Townsman from Mr. Milton Greenberg, retiring chairman of the Board of Selectmen of Andover, and from Mr. Edmund J. Sullivan, Jr., a former select-

man of the town, are unfortunate in their implications for an aspiring candidate for the office such as myself.

I do find it regrettable that so much emphasis has been placed in this election campaign on the selectmen's decision not to renew the present Town Manager's contract. Mr. Sullivan alleges that there are good and sufficient reasons for this turn of events, but that apparently some things should not be "bandied about in the press." I might agree to that philosophy if, for example, moral turpitude were involved. As matters stand, however, the people of this town, in my opinion, have not been adequately informed by the Board of Selectmen as to the reasons for an action which vitally affects the functioning of the town government; and this in spite of Mr. French's efforts in holding a meeting for that purpose. To many of us it appears that this move on the Board's part was of an arbitrary nature and not based on solid grounds even though it is the Board's prerogative under the charter. It seems to me that the Board might have avoided this situation by being more candid with the townspeople, of whom, after all, they are the servants. The press is the only real medium through which such information might have been made available. In my opinion, advantage should have been taken to use the press for this purpose even though there might have been some "bandying about."

It seems infinitely worse to have allowed a situation to develop such as Mr. Greenberg describes. I wish to state categorically that I deplore the harrassing tactics to which he alleges he has been subjected and completely disassociate myself from those who indulge in such practices. As I have previously stated, I personally regret that

Mr. Greenberg has chosen to withdraw as a candidate for reelection. In a democratic society conflicts of opinion should be resolved at the ballot box, not by poison pen letters. Mr. Greenberg is entitled to the gratitude of the town for the outstanding public service which he has rendered to it. He should not leave office with a bad taste in his mouth. I trust that those who support me for office will also support a vote of thanks for Mr. Greenberg at the annual Town Meeting.

On The Contract

To the Editor of the TOWNSMAN

The subject of my letter is — "Capability versus Inability" this in regard to our Andover Selectman voting not to renew the contract of J. Maynard Austin as Andover's Town Manager. The contract with Mr. Austin will terminate Aug. 1, 1977. Reason given by the Selectman to the citizens of Andover — Not Capable — to handle the Town of Andover's increased business load. How about that? I commend Mr. Austin for standing up to be counted in reference to his recommendation

to retain the present site of our Town Hall with renovations. Thanks Mr. Austin for your forethought on this issue.

Following is my letter that was published in the Andover Townsman at the time the Selectman wanted to change the site of our Town Hall to the Sacred Heart School Site.

"In an issue of the Andover Townsman I read that Town Manager J. Maynard Austin does not recommend a transfer of the Town Hall to the Sacred Heart site in Shawsheen Village. His recommendation was forwarded to the Board of Selectman to study and evaluate same. We sure hope that the Selectman will see eye to eye on this. A lot of folks who have lived in Andover most of their lives plus others born in Andover will commend Manager Austin for his stand in not wanting to change the site of our Andover Town Hall. His stand on this issue increases his Capability in the knowledge of what Andover needs in the best interest of its citizens and Town.

When one enters our Town Hall which happens to be a landmark and looks at the seal of Incorporation of Andover as a town on May 6, 1646 inserted in the floor — a work of art it impresses one greatly also visitors in Town. Our Town Hall building is well structured but renovations need to be made as we all are aware of. When they are completed we will have a beautiful building which will be an asset to our Town. The beauty of it all is that it is in the Center of the Town where it should be. The building will include plenty of office space to conduct the official business for the Town of Andover."

In past years it seems Andover was run by people who took time out to study what was best for our great Town and its citizens. Thru their dedication and forethought preserved our good Town of Andover. May we continue to do so in 1977 and the years to follow. May this be our goal always.

Oshawa Continues Win Streak

By Rick Harrison

The Oshawa Canadian Corps Canadiens Bantams returned Andover's visit last weekend, and the strong squad from north of the border handed the local traveling Bantam A team three more tough, tight losses by scores of 4-2, 6-4 and 5-4.

The trio of setbacks last weekend left Andover winless in six tries against Oshawa, although five of the six games were decided by one, two or three goal margins.

Overall Andover now sports a 7-16-0 ledger.

Oshawa, 4-2

Last Friday night at Merrimack College the Oshawa crew took a quick 2-0 lead on first period goals by prolific Cam Wilson (2:53) and Mario Barbara (7:06).

Mike Ganem got one back for Andover just 19 seconds after Barbara's red-lighter, converting a pass from defenseman Ken Southworth.

The eventual game-winning marker was tallied by Peter Sirks of the Canadian team, unassisted, at 6:59 of the second stanza.

Wayne Merola brought the host squad back within 3-2 with less than five minutes to play, the lone assist to Eddie Sullivan, but

Ernis Thibodeau countered for Oshawa for some insurance a mere 1:25 from the final horn.

Dave Cullinan worked the distance in goal for Andover, while Oshawa split the duties between Joel Melnik and Dan Heddington.

Oshawa, 6-4

The following morning at Merrimack the Canadians received a three goal "hat trick" from Cam Wilson enroute to their 6-4 win.

The contest was tied 2-2 midway through the second period, but Oshawa scored consecutive red-lighters by Wilson, Gary Oliver and Eric Bosco to take a 5-2 third period advantage.

Joe Cammarata pocketed a pair of third period lamplighters six minutes apart for Andover, while the earlier goals were netted by Joe McGee and Charlie Heseltine (his fifth).

Wayne Merola chalked up two assists for Andover, while solo helpers were credited to defenseman Tony Giannone, Bill Eaton, Eddie Sullivan, rearguard John Taylor, Heseltine and defenseman Doug Price, summoned from the Bantam B team for these three games.

Oshawa, 5-4

Andover came closest to beating the Oshawa team last

Sunday morning, in the finale of their home-and-home series, but Bill Shawchuk's clutch marker with 1:16 to play enabled the Canadians to escape unscathed, 5-4.

The game was marred by 19 penalties, including a trio of misconducts to the Canadians (two against Wilson).

Oshawa grabbed a 2-1 first period lead, when goals by Wilson and Jerry Fitzgerald were sandwiched around an unassisted marker by Joe Cammarata.

McGee tied the penalty-punctuated contest 2-2 at 3:56 of the middle stanza, but Fitzgerald countered with a shorthanded goal and Eric Bosco netted a powerplay tally at 1:24 of the third for a 4-2 count.

Andover battled back gamely to a 4-4 tie when Cammarata produced his 24th goal at 2:29, and Merola pocketed his 20th with 1:59 to go, both on the powerplay.

This set the stage for Shawchuk's crucial game-winner a mere 43 seconds after Merola's score.

Joe Cahill passed out two assists for the locals while Bill Eaton, Charlie Heseltine, Ken Southworth and Wayne Merola added solo helpers.

Andover yanked goalie Dave Cullinan in the final minute of play, managed two faceoffs in the Oshawa zone, but couldn't net the equalizer.

Neal Comments

"The final game was a very rough one!" noted Andover Coach Dick Neal. "Our kids held their own, kept their cool through it all, and actually played their best game of the season. We had a territorial edge in each of the three games."

Bullets Top Knicks In Double Overtime

The highlight of last week's action in the Andover Youth Basketball League was the Senior Division Bullets' double overtime win over the Knicks for the division's runnerup slot in the second half schedule. These two teams meet again tomorrow in another playoff game to determine the division's overall runnerup honors.

In the Majors another playoff game is scheduled this week between Boston College and N. C. State for the runnerup slot. These teams have met three times during the season with State having a 2-1 edge.

The Minors runnerup position is as yet undecided between the Eagles and Panthers with one game remaining on the regular schedule. A Panthers' win would assure second place, but their opponent is the champion Cougars. An Eagles win combined with a Panthers loss would force a

Wakefield, four players hit double figures: Rick Boyages 13, Bill Markley 12, Natt Lowell 11 and Jim Orsini 10. Bill Smith led Andover with 14 and Jeff Rosen had 8.

Concord-Carlisle 47, Windham 16

The Patriots placed 11 players in the scoring column as they breezed past the Windham Mavericks. Grayland Owens paced the Patriots with 10 points. For Windham, Carl Wallace had 6 and Doug Romano added 4.

Senior Semi-Finals

Tewksbury 53, Wakefield 52 (Overtime)

The Redmen picked up their second consecutive overtime victory to advance to the finals. The game was almost a mirror-image of their first as Tewksbury fashioned a last period rally to tie at 45 at the close of regulation play. Again, the 5th period belonged to Tewksbury as they outscored Wakefield 8-7. John McNamara led the Redmen with 23 markers while Jim Galvin added 10. Rick Boyages led Wakefield with 12 while Bill Markley and Phil Tecce had 10 each.

Concord-Carlisle 52, Woburn 42

The Patriots used a big final quarter to break open a 2 point game at the end of three quarters. Grayland Owens with 18, Bob Stout with 11 and Bill Parker with 10 paced Concord-Carlisle. For Woburn, Mark Tully hit for 15 and Ed Skeffington had 11.

Senior Finals

Concord-Carlisle 57, Tewksbury 54

For the better part of this game, the Redmen appeared to be in the pattern of their previous games. As usual, Concord-Carlisle fashioned a 40-38 lead after 3 periods and opened the margin to 6 early in the fourth quarter. And again, Tewksbury rallied to close the margin to 1 within the final minute of play. Concord-Carlisle held on, however, hitting a hoop at the buzzer for the final margin. Leading the Patriots were Grayland Owens with 28 and Bob Stout with 13. Tewksbury was paced by Ron Wallace with 16, John McNamara with 12 and Brian Brockwell with 10.

Tournament Highlights

Tewksbury's Redmen were the Cinderella team of the tournament with two overtime wins in their 3 games.

In the Intermediate Division, the tournament's leading scorers were Ted Kelley of the AYBL All-Stars with 50 points followed by Winchester's Chris Hoffman with 36. In the Senior Division Concord-Carlisle's Grayland Owens had 56 and Tewksbury's John McNamara had 51.

Because of the interest and success of its first two tournaments, the Andover Youth Basketball League is planning an expanded format for next year. League officials wish to thank all volunteers who helped make this years tournament a success.

Intermediate Playoffs Begin

A Tough Basket

By Rick Harrison

St. Augustine A won the Intermediate Division regular season championship of the Andover Church Basketball League, and completed the campaign as the league's only undefeated team following a 39-26 conquest of South-Baptist last Monday night.

The victory enabled St. Augustine A to finish the schedule at 10-0, one game ahead of St. Robert's A (9-1) which blasted St. Augustine D 50-12 in its finale.

In other Intermediate action, third place St. Augustine B (8-2) slipped past pesky Ballardvale United, 28-21. St. Robert's D dumped Christ Church, 32-7, and St. Augustine C toppled St. Robert's B, 27-18.

The annual post-season playoffs open next Monday night, with the schedule listed below.

St. Augustine A, 39-26

St. Augustine A, losers of only one game over the past two years, had one of its toughest games of the winter against South-Baptist (6-4).

S-B, winner of six of its last eight starts, trailed only 8-4 after one quarter, 17-12 at halftime and 26-20 after three periods before tying.

Divisional scoring champ Ted Kelley (181 points) pumped through 24 points to pace the

winners, as he netted 6, 7, 4 and 7 points by quarters.

The supporting cast featured Tom Galvin with 6 points, Dick Kelley 5, Tim Corkery 2 and Mark Connolly 2 points.

Making life tough for the champs were Billy Vickers and Dave Lowe who pocketed 6 points each for South-Baptist. Art Dunlavy, Alan Carter and Danny Kimball rounded out the balanced attack with 4 points apiece, and Dave Lowe had 2.

St. Robert's A, 50-12

St. Robert's A, whose 406-point offense was the most potent in

the division, went out in a blaze of glory against St. Augustine D.

The game, as the score indicates, was never close.

Divisional scoring runner-up Phil Farr (145 points) poured in 23 points for St. Robert's, while third place Bob Leitch (125) also reached double figures with 12 markers.

Ken Saliba dropped in 9 points, Barry Lemieux 4 and Kevin Byrne 2 for the second place club.

Pete Byrne and Kevin Salava were other standouts.

St. Robert's only loss was 28-22 to St. Augustine A.

Steve Green led the St.

Augustine D attack with 6 points, Dave Fluet stuffed 4, and second half charities were notched by Pat Beaudine and Scott McNamara.

Pedro Gleason and Rob Wilson also played well.

St. Augustine B, 28-21

St. Augustine B, down 14-10 at halftime, erupted for a 12-0 run the third quarter to overtake Ballardvale United.

Mark Paradis, who emerged as game high marksman with 12 points, hit eight of them in that pivotal third period.

Jay Madden and John Ingemi chipped in 6 points each for the victors, Danny Paradis had a third period bucket, and Pete Walsh fired in a floor shot in the first quarter.

BU, which staged perhaps its finest effort of the season, had Chuck Burnett with 8 points, Steve Todd 6, Robbie Robinson 4 and Rodney Hollenbeck 3.

Jeff Crowninshield was another hustler for United.

St. Augustine C, 27-18

St. Augustine C jumped to a 9-3 advantage after one period, but was clinging to a 19-16 edge entering the fourth quarter before Steve Farrington took charge.

Farrington banked in six of his team high 8 points as the victors pulled away over the closing minutes.

Bob Curtin chipped in 6 points, Joe Wescott and Ken Doherty 4 apiece, Glen Markey 3 points and Joe Nerden a fieldgoal for St. Augustine C.

Neil Saunders popped in 9 points as game high man for St. Robert's B, but the only other scorers were Don Lindsey with 7 and Bill Saunders who notched the lone fourth period basket.

Gerry Ahearn contributed a fine all-around game.

St. Robert's D, 32-7

Bobby French hit six first period points as St. Robert's D took a lead it never relinquished.

Dave Spychalski canned eight markers in the second quarter, and the winners coasted home in the second half.

French finished the night with 18 points to reach the 100 plateau, while Spychalski cracked twin digits with 10, Dan Poore added 2 and Ted Morris 2 points.

French hit 7-of-11 from the floor and 4-of-5 free throws.

The answering fire for C-C was provided by Todd Durant with 3 points, John Rogers 2 and Randy

St. A's, St. Robert's Vie For Top

By Rick Harrison

St. Augustine A and St. Robert's B continued to pull away from the rest of the pack in the Senior Division of the Andover Church Basketball League, as both posted victories last week to remain just a game apart.

St. Augustine A (9-1) won its eighth straight start, clipping Ballardvale B 44-35 and sending that club back to a three-way tie for third place.

St. Robert's B (8-2) won its fourth in a row, dumping South-Baptist 44-29 to keep its regular season title hopes alive.

St. Robert's A (6-4) bounced back into the victory column with a 35-24 conquest of Ballardvale United A.

Christ Church, powered by a spectacular 32-point effort from John Wall, raced past St. Augustine B 56-48.

Christ Church, 56-48

John Wall produced the second highest individual single-game output of the season, netting nine points in each of the first two quarters, six in the third and eight in the fourth for his 32.

C-C fell behind 4-0 and 6-2 at the start, but counced back to take a 13-9 first period edge over St. Augustine B.

St. Augustine pulled within two points on several occasions in the second stanza, but trailed 29-24 at halftime. The C-C advantage jumped to 44-35 in the third

quarter, and the closest St. Augustine B came in the final frame was five points (50-45).

Mark Frost trailed Wall in the scoring column with 10 points, Mark Rogers and Bruce Tallman added 6 apiece, and Chris Connors tossed in a fourth quarter basket. Rogers played the whole second half with four fouls.

Tim Stansfield and Mark Mitchell also played well for C-C. Chuck Singer came up with a stellar 24 point performance for St. Augustine. Steve Parker chipped in 9 points, John Parker 6, Steve Paradis 5, Paul Kaminski 2 and Greg Shepard 2 points.

St. Robert's A, 35-24

Frank Branco gave St. Robert's a brief 2-0 first period edge, but that was all the winners got in that frame as Ballardvale A inched ahead 5-2.

BU-A maintained a 12-8 lead late in the second stanza, but then Branco went on a tear with seven unanswered points to boost St. Robert's ahead 15-12 at intermission.

The victors built the advantage to 21-13 late in the third period, and were never seriously challenged thereafter.

Branco and Scott Praetz led the attack with 13 and 12 points respectively, while Dennis Vecchi hooped 8 markers and Gregg Praetz added a fourth period bucket.

Pete Albert and Alex Burkas were other St. Robert's A standouts.

Bill Kettinger stuffed 7 points for BU, Jay McLeod and Kevin Hollenbeck 5 each, Russ Bird 4, Dave Brown 2 points and Lee Hollenbeck swished a foul shot.

Todd McLeod also played well for United.

St. Robert's B, 44-29

St. Robert's B built its 15 points victory ppiece by piece.

The second place club took a 9-6 edge after one period, made it 20-13 at halftime, 32-22 after three and then outpointed South-Baptist 12-1 in the last quarter.

Doug Tremlett pumped in 13 points for the victors, who were missing three players, while Gary Lindsey netted 10, Bill Donovan 8, Dick Danner 7, Jim Donovan 4 and Bill Troy 2 points.

St. Robert's also made good use of the free throw line, hitting 10 charities along the way.

Divisional scoring leader Steve Rathbun (178 points), held to five in the first half, finished as game high scorer with 17 points for South-Baptist.

Jim Rathbun flipped through 6 points, Brian VanAken 4 and Tracy Hughes 2.

Jim Burgess and Tom Stedman were other S-B hustlers.

St. Augustine A, 44-35

Ballardvale United B scored the first basket, but that was about it as St. Augustine A moved to a 10-6 first quarter edge and made it 22-12 by halftime and 30-20 after three.

BU outscored the leaders by a point in the second half, but never mounted a serious threat.

St. Augustine C Takes Crown

By Rick Harrison

St. Augustine C lost its final game of the regular season, bowing to St. Augustine B 20-10, but that didn't stop the C-team from winning the Junior Division championship of the Andover Church Basketball League last Monday night.

The champs, who had clinched the title the previous week, were denied a perfect record but still finished 6-1 for a one game budge over St. Augustine B (5-2) and St. Robert's A (5-2).

St. Robert's wrapped up the regular schedule with a hard-fought 14-10 triumph over Ballardvale United.

In other Junior action last Monday at the Doherty School, St. Augustine A (3-4) nipped St. Robert's B, 15-10, and Christ Church (4-3) completed a winning campaign with a 3-0 shutout of South-Baptist.

St. Augustine B, 20-10

Divisional scoring king Brian Mackey (89 points) poured through 16 markers to spark St. Augustine B, as all the scoring came in the first and fourth quarters.

The winners bolted to a 14-6 opening period edge, and out-pointed St. Augustine C by a 6-4 margin in the final stanza.

Ron Peck and Pete Zompa added first quarter buckets for the B-team.

Rich Nerden sparked the C-quintet with 6 points, while Danny Beckerman and Chris Bartley added fieldgoals.

St. Augustine A, 15-10

John Recesso swished 13 points and dominated the backboards, as St. Augustine A rallied from an 8-7 halftime deficit to edge St. Robert's B, 15-10.

Tom Finneran netted the other

basket for the victors.

Chris Sapuppo tossed in a pair of long bombs for St. Robert's, while Greg Najjar added 4 points and Dick Bourdelais stuffed 2.

St. Robert's A, 14-10

John Williams flipped through four first period points to propel St. Robert's A to an 8-4 lead, and the winners built that to 11-4 by halftime before holding off Ballardvale United in the last two quarters.

Williams finished the contest with 6 points, Brian Molloy added 5 and Joe Vecchi dunked 3 markers.

Dave Baker paced the BU answering fire with 4 points, Tom Darling scored 4 and Ronnie Forbes delivered a bucket.

Christ Church, 3-0

D. Hough broke a scoreless deadlock with a basket in the

third quarter, and then Steve Blair swished a free throw in the fourth frame to boost Christ Church past South-Baptist, 3-0.

Playoffs

The Junior Division playoffs open next Monday night with a pair of semifinal games at the Doherty School.

Action taps off at 6:15 p.m. when St. Augustine C battles St. Augustine B in a rematch, and then at 7 p.m. St. Robert's faces Christ Church in the nightcap.

The two winners will then square off for the Junior playoff championship on Monday night, March 21 at the West Elementary School gym. Tapoff time for the title game is 6:30 p.m.

Old Faithful.

New Faithful.

Good Old Faithful. Always got you where you were going. Always did it economically. And now, after 27 years and 33 million cars, it's still a symbol of dependability and economy.

Now there's a car that's just as reliable and economical as Old Faithful ever was. It's New Faithful. The 1977 VW Rabbit. With engineering so advanced that automotive experts have hailed it as the kind of car Detroit will be building in the 1980's. The Rabbit has a new fuel injection system, so it starts up quick as a bunny. Springs like one, too. 0 to 50 in just 7.7 seconds. The Rabbit also has advanced engineering features like negative steering, roll radius, rack and pinion steering, and an independent stabilizer rear axle.

New Faithful lives up to Old Faithful's reputation for economy, too. Because it has fuel injection, you can use the

most economical grade of gas. But you won't have to use it very often. Rabbit gets 37 mpg on the highway, 24 in the city. (That's EPA's estimate for manual transmission. Actual mileage may vary, depending on driving habits, car's condition and optional equipment.)

Dependability and economy. That's what Old Faithful gave a whole generation of Americans. And that's what New Faithful is giving a whole new generation of Americans. New Faithful. The 1977 VW Rabbit.

BRIDE of Andover, in said County of Essex; VIRGINIA P. BRIDE, BARBARA MAE BRIDE, and JAMES L. BRIDE, JR., all formerly of Waterville, in the State of Maine; SALLY WEED, formerly of New York, in the State of New York;

Greeting:
Whereas a Bill of Complaint has been begun against you in our Land Court, by MARGARET P. MADDEN, of Salem, in the County of Essex, and said Commonwealth;

We command you, if you intend to make any defense, that on the first Monday of June next, which Monday is June 6, 1977 the return day of this subpoena, or within such further time as the law allows, you do cause your written appearance to be entered and your written answer or other lawful pleading to be filed in the office of the recorder of said court at Boston in the County of Suffolk, and further that you defend against said suit according to law, if you intend to make any defense, and that you do and receive what the court shall order, adjudge and decree therein.

Hereof fail not, at your peril, as otherwise said suit may be adjudged, and orders and decrees entered therein, in your absence.

The plaintiff represents that she is the owner of the land with the buildings thereon situated on the southerly side of Pearson Street in the South Parish of Andover, in said County of Essex; the plaintiff further represents that she is the sole devisee and beneficiary under the will of SARAH G. MADDEN, late of Andover, who died on January 26, 1975, Essex Probate No. 328673; and further represents that SARAH E. LOFTUS, the record owner of the said premises under a mortgage foreclosure deed from Andover Savings Bank dated February 15, 1913, recorded with Essex North District Registry of Deeds in Book 328, Page 15, died at Lawrence on October 27, 1951 leaving as her sole heirs at law WILLIAM T. BRIDE and JAMES L. BRIDE, both of said Lawrence; and further represents that said WILLIAM T. BRIDE died at Andover on January 6, 1967, Essex Probate No. 290973, leaving said ELSIE F. BRIDE as sole beneficiary and devisee; and further represents that said JAMES L. BRIDE died at Lawrence on October 18, 1961, leaving said VIRGINIA P. BRIDE, JR. and MARY V. BRIDE; that said MARY V. BRIDE died at Lawrence on June 23,

1967 without probate; and further represents that a diligent search has been made for all of the defendants and the only one that can be located for personal service is said ELSIE F. BRIDE; and further represents that a search of the records at the North Essex County Registry of Deeds reveals no conveyance by said SARAH E. LOFTUS or her heirs at law; and further represents that the aforesaid foreclosure sale was made against PATRICK H. MADDEN, the father of the aforesaid SARAH G. MADDEN, the said PATRICK H. MADDEN, having acquired his title by a deed from JAMES DONAHUE, dated July 8, 1893, recorded with said Registry of Deeds in Book 127, Page 104; and further represents that said PATRICK H. MADDEN with his family have lived on said premises openly and notoriously, exclusively and continuously and uninterrupted since 1893; that said PATRICK H. MADDEN died on February 3, 1939 and said SARAH G. MADDEN, his daughter, lived at the premises; and further represents that the plaintiff and said SARAH G. MADDEN have acquired title by adverse possession and praying that the Court order and adjudge that the plaintiff has acquired title by adverse possession against the defendants and holds her title free from any claims of the defendants, their heirs, devisees or legal representatives, and it appearing to the Court upon the representation of the plaintiff that the whereabouts of some of the defendants are unknown, it is

ORDERED that notice be given by publishing a copy of this order once a week for three successive weeks in the Andover Townsman, a newspaper published in said Andover, the last publication to be at least two months before the first Monday of June next.

Gets Appointment To West Point

Matthew Mirisola

Sen. Edward W. Brooke (R-Mass.) announced today that Matthew Mirisola of Andover, one of his Military Academy nominees last December, has been offered an appointment to West Point, Class of 1981.

Mirisola will be reporting to

West Point in July to commence his Plebe Basic Training.

Mirisola, son of Mr. and Mrs. Louis Mirisola, 142 Haggetts Pond Road, Andover, is presently a senior at Andover High School, where he is a member of the National Honor Society, an Honor Roll student, a member of the Student Advisory Council (Chairman this year) and the holder of varsity letters in football, track and gymnastics.

For two years he has been a member of the Fellowship of Christian Athletes and is captain of his huddle. He was also Captain of his J. V. football team and received a trophy his sophomore year for outstanding leadership and contribution to J.V. football. He served as president of his sophomore class.

In announcing Mirisola's appointment, Brooke observed: "Matt Mirisola is a natural for West Point. A fine athlete, a responsible school citizen, and a dedicated young man, Matt gives every promise of a very bright future indeed. I am proud to be his sponsor at the Military Academy."

Friese

(Continued from Page One)

Currently, Friese is employed by Uarco Business Forms as an account representative in the Boston area.

Having moved to Andover from Wilmington, Delaware this past August, Friese cites the following two specific reasons for becoming involved in the school committee race. First, Andover, as any small town that is rapidly growing, needs concerned citizens who care enough to help establish policies and formulate plans for future growth and current needs. Secondly, having chosen Andover as their home to live and grow, also selected its school system to educate their children. Believing Andover to have one of the finest school systems in the area, Andover's schools need people who care enough to plan and see them get better.

Some of the major issues he sees surround the overcrowding in secondary schools compared to the decrease in elementary school enrollment.

The need to provide a quality education for all of Andover's children with a good cost — result ratio.

A definite plan for evaluating and acting upon the current condition of our school facilities with specific attention to proper and full utilization of our plants and equipment.

Proper planning for future need, testing to be sure of past progress and a continuing check

on the attitudes within the community.

Finally, and perhaps the single most important issue in this campaign that must be reviewed seriously and acted upon is the area of communication.

"Everyone is talking about improving the lines of communication, but we must do more than talk and give lip service. We already have the vehicles for good, active and specific community input. It seems that in the past, the school committee has forced people into believing that their personal opinion(s) were not needed, wanted or if offered would be listened to politely and tabled. It seems that the true purpose of the school committee has been overlooked over the years. The school committee should, itself, get back to basics. It should represent the people, all people," Friese.

Harris

(Continued from Page 13)

Chief of Staff. His responsibilities expanded rapidly and after service in the Pacific he returned to Washington, attending the 1952 NATO Council meeting in Lisbon, participating in negotiations with Spain for military base rights and serving in the Joint Staff in Washington in 1961 when, after 26 years of commissioned service, then being in the grade of colonel, he retired from the Army.

Returning to teaching at Phillips Academy, Andover, Harris utilized his previous experience supervising the development of a successful "School year Abroad" program in several European countries continuing in this capacity until again retiring in September, 1974.

The years 1975 and 1976 were spent as Vice Chairman of the Andover Bicentennial Commission in which capacity he had a hand in the design and production of a commemorative medallion for the town and during which time he authored a book, "Andover in the American Revolution; A New England Town in a Period of Crisis, 1763-1790." Harris is a member of the Andover Historical Commission, first Vice President of the Andover Historical Society, and Andover representative on the Essex County Historic and Scenic Development Commission.

Harris is married to the former Alice Rice of Maddock, North Dakota. The couple has six children: Susan Worthington, married and the mother of two children; Edward M., Jr., a Civil Engineer and a captain in the Corps of Engineers, U.S. Army; Priscilla Colman, a claims adjuster with the Hanover Insurance Co. in San Francisco; George Rice, of Andover, a

Mechanical Engineer, married and the father of one son; Eleanor LeBaron, married and living in Valencia, Spain; and Martha Balmer, a 7th grade student in the East Junior High School, Andover. All of the older children graduated from secondary schools in Andover.

Traditional Alternative Registration

Registration for the traditional alternative program of the Andover Public schools will be held on Thursday, March 10, between 7 p.m. and 8:30 p.m., at the West Elementary school cafeteria for grades kindergarten through sixth.

Those children who are presently involved in the program do not have to enroll again.

The purpose of the registration is to provide the school system with hard data in its allocation of personnel for the 1977-78 academic year.
